lieve that it saved my life last spring when I commenced its use. I do not expect anything will cure me entirely, but the Balsain keeps me up so that I can attend to business. It gives me immediate relief, and I am greatly improved in general health.

I remain gratefully yours.

I HAVE ON HAND ONE QUARTER OF a million of this, of all plants ever offered, the most valuable for lending purposes. In a few years, with but little attentionable for lending purposes. In a few years, with but little attentionable for lending purposes. In a few years, with but little attentionable for lending purposes. In a good farmer will give to clean his fence conners. This will make a better feme than a stone wall, and will not cost one fifth as much as a plank fence—and while a wooden fence will perish in eightor ten years, this will last while "grass grows and water runs."

BY virtue of an inferisentary decrea for Sile, in the alayer cause on the sale, ontered in the above cause on the Sile of the Covil House, in Jackson Years one Saturday, January 16th, 1875, while it is a wooden fence will perish in eightor ten years, this will last while "grass grows and water runs." while a woosen tence will perish in eightor fen years, this will last while "grass grows and water runs."
